NOW'S THE TIME TO THROW YOUR SCRAP INTO THE FIGHT!

To Shift Leaders, Close Centers In Effort To Place Local W. P. A. Recreation Program On New War-Time Basis

Groomed to wartime activity under a new policy of affording recreation for service men and defense workers, the Daly City WPA Recreation department was reorganized, this week.

Two recreation centers, which were not included as necessary to the war effort, were closed, and the leaders were transferred to other centers. Pershing school center and Lincoln Park playground were the two which were eliminated.

The two remaining centers in Daly City, Marchbank park and Jefferson Union high school, will focus attention on providing recreation for service men who are stationed at military posts in the vicinity, and Daly City's large number of defense workers in nearby plants.

Commenting on the new policy, Mrs. Marie Burton, director of the local department said, "We have arranged a complete sports and general recreation program for defense workers and service men to enjoy in their leisure time, and we hope they will all profit by it."

Bringing more supervision to the centers which will remain open, leaders of former centers will be used at Marchbank park and at the high school. Mrs. Beatrice Wiltsie, former Lincoln park leader, was named as leader at Marchbank park. Mrs. Clara Mitchell, who previously supervised recreation at Pershing school, was placed at the high school center as assistant to Mrs. Marie Bell.

No decision has yet been reached at state headquarters for the (Continued on Page 12)

Medical Unit Now Under CD Council

Daly City's emergency medical unit, formed under supervision of the San Mateo County unit, is now directly responsible to the local Civilian Defense Council by virtue of a change in policy in the county.

The important change was announced by Dr. Carl Benninghoven, county medical director, to Daly City's Civilian Defense Council, last week. When the emergency Medical unit was organized in February, Dr. W. C. Lynch, local physician, was named as head of the unit here, and the unit was responsible to the county only. The group had no connection with the local defense council.

A revision of the responsibilities of local emergency medical (Continued on Page 2)

Board To Exhaust Single Men First

Married men who are registered for selective service will not be inducted until sources of manpower from the list of single men have been exhausted, according to instructions received by Dr. J. C. McGovern, chairman of Daly City Draft Board No. 103.

The local board's instructions were received from state headquarters, where the new ruling has been adopted following a statement of policy by Major General Lewis B. Hershey, national director. Purpose of the new ruling, Dr. McGovern said, (Continued on Page 2)

Landlords: Have You Signed Up Yet?

Local offices for the registration of landlords who rent dwelling units in Daly City were closed, Tuesday evening, and local landlords who have not yet signed up must do so at the Bay Defense Rental headquarters, 1263 Market street, San Francisco.

Forms to fill out can be secured there, and the questionnaires must either be returned in person or mailed to that address. Deadline for landlords to register (Continued on Page 5)

Mrs. Marie Burton, who heads Daly City's Recreation department, was given a mighty stiff assignment when she was told to convert "to a war-time basis at once."

Fire Department Chief Announces Two Consolidations, Election Of Officers

Continued efficiency in fire protection was assured Daly City residents, this week, following election of officers and two consolidations of department companies, according to Fire Chief A. P. Chesney.

The first of the consolidations resulted in the newly organized Company 2, whose headquarters are in the new building at Santa Barbara and Parkview avenues. Officers were elected, last week, at the initial meeting of this company. Following are the officers elected: August Ford, captain; Lawrence Kelly, lieutenant; Ed Goldkuhl sr., deputy marshal; and Elmer Kennedy, secretary-treasurer. The consolidation ceremonies wound up, Saturday night, with a jamboree at the company headquarters, attended by over eighty local people.

The other consolidation, which was effected in the local department, resulted in forming the new Company 4. Headquarters for this company is at the other new firehouse in Daly City, Roosevelt and Peoria streets. Following were the officers elected at a meeting, Friday night: James Welsh, captain; Walter Davis, lieutenant; Tom Tallon, secretary; and R. Foppiano, deputy marshal.

Transaction of company business in both cases will take place at semi-monthly meetings. Company 2 will meet on the first and third Wednesdays of each month. Company 4 will meet on the second and fourth Fridays.

Legion Groups Lead Record Drive

Phonograph records are being sorted and closets and attics are being searched, as the "Records for Our Fighting Men" campaign began in earnest, this week, in Daly City.

Jointly sponsored by Daly City Post No. 410, American Legion and Daly City Unit No. 410, American Legion auxiliary, the local drive is being supervised by A. G. K. Jakobsen for the Legion, and Mrs. Marcie Trier for the auxiliary. Both organizations are searching for old phonograph records which they can contribute to make possible new records for service men. They are urging that similar efforts be conducted in every home in the community.

"In almost every home there are many old records which are no longer played, and which are only accumulating dust and taking up room," said Mrs. Trier.

"These records contain valuable materials from which new (Continued on Page 12)

Crane Cites Need For First Aid Workers

Although 1200 civilian defense volunteers in Daly City have completed at least ten hours of first aid, R. L. Crane jr., first aid chief of the Civilian Defense Council, declared that five units in the community are still short of first aid workers.

Crane said that a large majority of the volunteers who have received standard first aid certificates are already engaged in some other branch of civilian defense, having taken first aid only as part of their basic training. This accounts for shortages in first aid units.

The service is also in need of more ambulances for civilian defense. Any panel truck long enough to accommodate a stretcher can be used as an ambulance. Owners who wish to volunteer the services of their trucks to civilian defense in time of emergency were asked to contact Crane.

Sixteen more stretchers are to be added to the first aid service, Crane announced.

Twelve Women Give Blood To Bank

Answering a call for blood donations to the San Mateo County Blood Bank, twelve Daly City women have donated a pint of blood each, it was announced by Mrs. Catherine Foreman, Daly City chairman.

Organized to build up a reserve of blood plasma which is used in blood transfusions, the Blood Bank has set a goal of 1000 units of blood, to be kept in reserve at all times.

Mrs. Foreman said, Monday, that she had been notified by the county group that other donations from Daly City, in addition to the twelve cleared through local headquarters, have been made. Mrs. Foreman asked, however, that all local persons who wished to contribute to contact her, and a proper appointment could be made. Otherwise, a do- (Continued on Page 2)

Police Nab Two Young Car Thieves

When two fourteen year old San Francisco youths in a Ford coupe went through a red signal at the corner of Hillcrest drive and Mission street, Saturday afternoon, a stolen car, belonging to Lee Mosher, San Francisco, was recovered.

Officer George Savage of the Daly City Police department, who was directing traffic at the time, ordered the boys to pull over to the curb. His suspicions were aroused after the boys gave conflicting stories about their addresses and the ownership of the car. While checking the registration of the machine, the two boys broke away and ran up Wellington avenue and down Irvington street. Officer Savage pursued the boys in the patrol car and (Continued on Page 5)

"I Never Felt Better In My Life!" - That's Word From Private In Australia

"I am away over here in Australia and I never felt better in my life!"

That declaration, made by her son's own voice, brought a great deal of happiness, this week, to Mrs. Olga Kerger, 67 Crocker avenue, mother of Private Ernest G. Kerger, Daly City soldier now in Australia.

Miss Bernice Curotto, 543 Santa Barbara avenue, a friend of Private Kerger's, was present at the Kerger home when a record of his was brought there by the San Mateo County chapter, American Red Cross and played for the first time.

Through the cooperation of the Mutual Broadcasting system and the Australian Broadcasting commission, the short wave programs are made possible. American soldiers, officers, and nurses can broadcast messages home this way.

The messages are received by

Production! That one word is the glowing ray of hope in every American's heart as he lays down a newspaper filled with not too encouraging news, telling of crushing blows against the United Nations.

But, unless six million tons of scrap metal can be obtained promptly, our record breaking production feat will falter, is the grave warning of Donald M. Nelson, war production chief in America.

To offset this critical shortage of scrap metal in the steel industry, the Daly City Salvage for Victory committee and the San Mateo county committee joined the nation, Monday, in seeking to turn in every ounce of scrap metal available in this community.

R. L. Crane jr., Daly City chairman, appealed to every person of the Daly City-Colma area to go through his home, his personal belongings, or any other place where discarded scrap metal might be. This collection of scrap metal should be taken to the local junk depot immediately. The depot is located in the vacant lot opposite the Daly City theatre on Mission street.

All metal is needed for the drive, Crane said, with the exception of galvanized articles. The latter type was carefully emphasized by Crane as not useable in the steel industry. He explained that, when it is smelted, there is an acid in galvanized metal that ruins the melting pots at the mills. He referred particularly to (Continued on Page 5)

What Well-Dressed Home Will Wear!

No home is complete without it!

Without what? Without an "I Am Prepared" sticker issued by the local civilian defense council. This bright blue sticker indicates that you are ready for air raids, that you have done your part to help protect your family and property.

These stickers can be obtained for your home by contacting your block air raid warden. Wardens of the city, under direction of Harry Melicker, chief air raid warden, have taken over the job of seeing that every home is prepared with the following implements necessary in case of an emergency: two buckets of sand, shovel, rake, ladder, and a hose.

A house to house survey is being made by the air raid wardens, and when the check is completed, stickers will be issued to those homes which are prepared. The Civilian Defense Council will run the drive to prepare homes on a competitive basis, according to air raid warden sectors. Why not make your sector 100 per cent?

Rationing Board Announces New Hours

Now established in new headquarters in South San Francisco at 473 Grand avenue, the San Mateo county Rationing Board, Northern district, No. 41-2, announced new hours when applicants may be interviewed.

The new headquarters are open from 9 a. m. to 11:45 a. m. in the morning. Afternoon hours are from 1 p. m. to 4:30 p. m.

Affording the board more expansive office space and a more convenient location, the headquarters were opened, Monday. Plans are also under way to provide headquarters with a larger office personnel.

Ice Follies Plan July 25 Matinee

Biggest attraction for Bay area entertainment seekers continued this week to be the glittering and glamorous Ice Follies of 1942, all-new edition of the famous skating show, now appearing nightly at Winterland, in San Francisco.

The smooth-flowing, richly-costumed revue is steadily adding to its audience total of many millions.

Fourth daytime performance of the ice spectacle has been set for Saturday, July 25. The complete night show will be given, commencing at 2:30 p. m., it was declared by the management, and tickets are available at special rates.

The current edition of the Ice Follies is completely different from the ones which have delighted more than a million persons in San Francisco since 1939. Production, costumes, lighting and music have been entirely changed, great names have been added to the national skating stars.

Amazing to those who see the Ice Follies for the first time is the transposition of dance routines to ice skating. Comedy is being stressed, along with the graceful performance of highly trained precision numbers which feature the gorgeous "Ice Follies."

Ice Follies tickets are available for every performance at Winterland, Walnut 0112; at Sherman Clay boxoffices in San Francisco and in Oakland; and by mail order addressed to Winterland, Post and Steiner streets, San Francisco.

BLOOD BANK

nor might make a trip to Mills Memorial hospital, location of the blood bank, to no avail.

Following are the twelve who have already contributed: Mrs. Florence Hopman, Mrs. Foreman, Mrs. Ida Hanley, Mrs. Louise Eliassen, Mrs. Irene Williams, Mrs. Hazel King, Mrs. Betty Gae-stel, Mrs. Adams, Mrs. Virgil Darnell, Mrs. Rose Conci, Mrs. Nell Dorrance, and Mrs. Vivian Pahlka.

To aid the blood bank in building up the vitally essential reserve of 1000 units, Mrs. Foreman urged all local residents who can, to donate blood to the bank. She announced that blood donations would be accepted from persons between the ages of 18 and 60, but those between 18 and 21 must have written statements from both parents. They must weigh at least 115 pounds, and blood pressure should not be under 110.

Nurses at the blood bank take temperatures and blood pressures, and test the hemoglobin before extracting blood from volunteers.

Appointments must be made ahead of time by calling Mrs. Foreman at Randolph 10376 or the Blood bank at San Mateo 3-1424. Hours when blood donations may be made are from 3 p. m. to 7 p. m. on Mondays; from 8 a. m. to 12 noon on Tuesdays; from 4 p. m. to 8 p. m. on Wednesdays; from 8 a. m. to 12 noon on Fridays; and from 9 a. m. to 12 noon and 1 p. m. to 3 p. m. on Saturdays.

When Mrs. Foreman has a group of four or five volunteers who can donate on the same day, a car will be sent from the blood bank to transport them there. Transportation home is also supplied.

Summer Cafeteria Serves Hundred Meals Every Day

Jefferson Union high school's summer cafeteria has served 1,812 noonday meals to Daly City children to date during the month of July, according to Mrs. Grace Nelson, supervisor of the program under the auspices of the high school and the Surplus Marketing administration.

Mrs. Nelson added that the staff at the cafeteria usually serves well over one hundred meals a day. All the noonday meals are hot meals, with plenty of fresh vegetables from the high school victory garden. Meals are served for the nominal charge of five cents per meal. Extra cuts of pie are five cents.

All the bread, cakes, and pies which are served to the children are made at the cafeteria by the ladies who prepare the meals.

The summer program is in its second year at the high school, having proved popular last summer. Mrs. Nelson illustrated comments of Daly City mothers on noonday meals by one who recently visited there.

"I couldn't believe that the meals included all that food for such a small charge, but there it is!" the mother exclaimed as she gazed at a heaping plate at the cafeteria.

Before she left, Mrs. Nelson said she asked if a donation was in order to help out the program.

"No donations are needed," responded Mrs. Nelson, "since it is all part of the program."

Medical Unit Now Under CD Council

(Continued from Page 1)

units all over the county now makes them a part of civilian defense in their own communities. Dr. Lynch is responsible for dispatching medical units to victims of disaster in Daly City, according to Dr. Benninghoven.

Dr. Lynch's organization here is known as Emergency Field Unit E. The unit is composed of three teams with a physician in charge of each team. Registered nurses and ambulance drivers make up the team.

The unit will only be called out in case of serious injury where professional medical aid is needed. All minor cases will be taken care of by the first aid service of the Civilian Defense Council.

"Daly City has a very good set-up here for taking care of injured persons in Villa Sanitarium," Dr. Benninghoven told the local Civilian Defense Council.

"There are sixty beds there, according to what Joe Sarto tells me, and all of our hospitals can reduce the number of regular patients to 25 per cent in case of an emergency."

Victims of disaster who could not be taken care of here would probably be moved to another hospital in the county, Dr. Benninghoven said, since transportation to San Francisco would be virtually impossible in case of a bombing. He cited South San Francisco hospital and Mills Memorial hospital in San Mateo as examples.

3. Single men with dependents who contribute to the war effort.
4. Married men, not engaged in war work, but living with their wives.
5. Married men, engaged in the war effort, living with wife.

War Research

In war the advantage is on the side with the best weapons. The work of scientists in America's research laboratories, developing new materials and new equipment, means a lot to our fighting men.

1. It takes years to build up and equip a large, organized, and able staff for research. Fortunately, industry did this long ago.

2. Long before Pearl Harbor, laboratories like General Electric's were serving their country—solving technical problems of war.

3. History repeats! In the last war "wireless" was developed for military needs—to become, with peace, a giant broadcasting industry.

4. So it will be this time. Research will help to win the war, and its many wartime discoveries will help to build a better future.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Reject 30 Of Group

Thirty men of a contingent of seventy ordered to report for army induction, last week, were returned to Daly City's Draft Board No. 103 by army doctors at the induction stations, following physical examinations.

Several registrants of the group which returned were placed in 4-f classifications, some were classified as 1-b, and a few of them remain in the 1-a group until the board can re-classify them.

ABOUT TOWN ---

County indigent relief in San Mateo county went down 16 per cent from July, 1941, to May, 1942, dropping from 270 cases in July to 227 in May, California Taxpayers' association stated today, following its study of the effect of increasing employment on the need for relief of indigent persons in California counties. County indigent relief does not

include aid extended to needy aged persons, needy blind, or dependent children, the association pointed out.

When the Dale A. Hoveys, of Sacramento, visited here several week-ends ago, they were the house guests of Mr. and Mrs. B. L. Meritt, 244 Hillside boulevard.

Larry Lombard, popular attendant at Panella's Service Station, left, last Friday, for Navy training at San Diego. Lombard is the

son of Mr. and Mrs. George A. Lombard, 141 Flournoy street. He is a graduate of St. Ignatius high school in San Francisco, and is well-known in this community.

In the War department's latest list of civilian members of the American merchant marine held as Japanese prisoners in Shanghai was the name of Donald Mason Smith, 258 Templeton avenue. Smith is the son of Mrs. Lilian Smith.

Selectees from the Daly City Draft Board No. 103 who have been inducted into the army in the past two weeks joined San Francisco draftees at a party-pageant, Monday evening, in the rotunda of the San Francisco city hall.

Providing a big send-off for the selectees, the Mayor's Citizen's committee and the Win the War committee sent a special invitation to the draftees from Daly City, Colma, and South San Francisco.

Ed Allen's Palomino Takes Second Place

Abbott & Costello Are Hilarious Team In "Rio Rita"

Bud Abbott and Lou Costello celebrate their twelfth year together in a highly explosive comedy called "Rio Rita," which opens tonight at the Daly City theatre.

The picture has nice balance, with Kathryn Grayson and John Carroll providing colorful romance and song. An amusing plot affords a reasonable background for the comedians, if one were needed, and Metro-Goldwyn-Mayer gave the vehicle elaborate production touches.

Eros Volusia, famous Brazilian dancer, makes her screen debut in a series of novel rhythms, including the Samba, which she created. This adds to the variety of the production, which unquestionably gives Abbott and Costello the stellar vehicle of their career as a comedy team.

Miss Grayson, M-G-M's most promising singing discovery, who recently scored in "The Vanishing Virginian," again reveals a delightful personality, and brings her rich voice to the screen in two duets with Carroll, "The Ranger's Song" and "Long Before You Came Along," and a solo version of "The Shadow Song" from Dinorah. Carroll sings the theme song, "Rio Rita."

An able supporting cast included Patricia Dane, Tom Conway, Arthur Space, Peter Whitney and Dick Rich, who portray a group of spies highly perturbed by the antics of Abbott and Costello.

The story brings the comedians into the action as stowaways in the turtleback of Carroll's sports roadster as he arrives in search of his childhood sweetheart, Rio Rita, played by Miss Grayson.

As usual, Bud Abbott is trying to knock some sense into Lou Costello's head, and, as usual, it proves futile. The comedy kings are having their latest laugh escapades in the M-G-M musical, "Rio Rita," currently playing at the Daly City theatre. Add to the entertainment features of the new picture the singing of a new romantic team composed of Kathryn Grayson and John Carroll.

However, he pointed out that there are plenty of articles containing steel, pig iron, or other types of metal around the home that could be contributed. Everything from keys to jalopies will help.

The San Mateo County Soft Drink Industry, cooperating with the county campaign, announced to local contributors, that, if they have metal that is too heavy to be carried to the local depot, a truck will be sent to the house to pick it up. Phone Civilian Defense headquarters, Delaware 3313 and leave your address there, and a truck from the Soft Drink Industry will call for the heavy metal.

Both Daly City headquarters registered landlords during the past week. Over 150 local property owners signed up in the first three days, according to Miss Ernestine Cuneo, in charge of local headquarters for the Bay Defense Rental office.

Volunteering for duty as registrars in the local signup were three members of the Native Daughters of the Golden West, El Carmelo Parlor, No. 181. Those three who served uncompensated, were Mrs. Hattie Kelly, Mrs. Louise Eliassen, and Mrs. Florence Flynn.

In the record, Kerger said, "I feel swell. Tell mother I have on my brown suit. Hello, Mom. Am away over here in Australia and I never felt better in my life."

To his brother, Edward Kerger, San Francisco, he asked, "Hello, Ed, how's married life?" And to Bernice, he said, "Hello, Bernice. Hope to be home for the Christmas holidays."

avoid week-end travel

Travel is always heaviest on week-ends. By planning to start your trip on a Tuesday, Wednesday or Thursday, you have a wider choice of accommodations and you make room for those who must travel on week-ends—war workers and men in the armed services.

be an early bird

Get full information well in advance of the day you plan to leave. Make your reservation and purchase your rail and Pullman tickets early. You thus are assured of accommodations and you avoid last minute rush. It's a good idea to buy your return reservation at the same time.

Cancel promptly IF PLANS CHANGE

The space you reserve on a train is valuable—too valuable to go unused. If you are forced to change your plans, please cancel your reservation and turn in your Pullman ticket for refund immediately so the space can be used by other travelers. Remember that seats on the Streamlined Daylights must be reserved in advance. Here, too, we ask you to turn in your reservation promptly if you decide not to go.

don't waste space

If you need a compartment, a drawing room, or a bedroom by all means buy it. But please don't take more space than absolutely necessary. A berth may be all that you really need. Or share a room with a friend or business associate when you are traveling together.

A. T. Hasbrouck Runs For County Controller

A. T. Hasbrouck, Belmont, pledges an efficient and capable administration if elected controller of San Mateo county. He made this statement, today, in asking the support of local voters at the August 25 election.

Hasbrouck has been city treasurer at Belmont for twelve years and a resident of that community for eighteen. He is active in civic affairs, a member of the volunteer fire department, and secretary of the San Carlos Lions club.

Jeff Has First Victory Garden

The first Victory garden at any high school in San Mateo county is the claim of Jefferson Union high school's tract of garden, where fresh vegetables are grown on a large scale!

At the high school cafeteria, where summer meals are served to local children, the size of the vegetables in the Victory garden was illustrated by a squash which was a foot and a half long. This wasn't a prize-winner either—just one of many.

Squash, beets, carrots, lettuce, parsley, and swiss chard are all grown at Jefferson's Victory garden.

Principal James Ferguson is credited with the origin of the garden, and the gardeners, who care for the high school's expansive grounds, planted it and care for it.

You Can Protect Yourself

By Dr. Ward L. Mould, Medical Gas Officer, U. S. Office of Civilian Defense.

(This is the fifth of a series of six articles about war gases, their characteristics, and measures the civilian can take to protect himself against gas injury.)

This article will present a few simple rules by which injury by war gases may be prevented or modified. If mustard or lewisite are used, the most serious injuries will result from the liquid agent. Therefore, during a raid, remain inside, or go inside if you are out of doors.

Remember that war gases are heavier than air, and will cling to the ground. You can get away from the vapor by avoiding basements and other low places. Even after a raid, it is better to remain inside a building than to try to leave the gas area unless so directed. Your air raid warden will guide you to safety when it is safe for you to move.

Basic Rules for Self-Aid in a Gas Attack:

1. Self-aid is the best aid for the prevention of injuries due to war gases. War gases are usually not dangerous if you take steps immediately to remove them from the skin and eyes. Effective means to accomplish this are in the kitchen and bathroom of every home.

2. If you are inside a building, remain there and go upstairs. Do not leave your house unless it is absolutely necessary. If you are outside and not able to get indoors, immediately walk, don't run—to get out of the gas area. Avoid puddles of liquid gas, basements, valleys and other low places.

3. If you have been exposed to a war gas—

- Breathe through cloths wet with baking soda solution.
- Get inside a building if possible, but first remove your outer clothing and leave it outside.
- Wash your hands first, and then your face, with laundry soap and water.
- After cleaning your hands, wash your eyes at once with a large amount of a solution of baking soda; one teaspoonful of baking soda in a glass of water.
- Take a bath, using plenty of laundry soap.
- Wash your eyes again with baking soda solution.
- If splashing of liquid gas have gotten on you—

- Using small pieces of cloth, cleansing tissues or toilet paper, blot up as much of the liquid as you can, being careful not to spread it.
- Daub the contaminated area with cloths wet with bleaching solutions containing sodium hypo-chlorite, such as Clorox.
- Follow directions b, c, and d in 3 above.
- Never get excited. Lie down and cover yourself with a blanket. Medical aid is on the way. There is no immediate serious danger from exposure to any known war gas.

(NEXT WEEK—THE ANTI-GAS ORGANIZATION IN YOUR CITY.)

No Campfires!

The Western Defense Command has instructed the U. S. Forest Service that "No campfires will be permitted after dark unless they may be extinguished immediately upon receipt of an air raid warning."

Lieutenant General John L. DeWitt's orders prohibit campfires at night except where provision is made for immediate receipt of air raid warning signals. Since most camping and picnicking areas in the "great outdoors" are not equipped with air raid warning facilities the order prohibits campfires after dark in virtually all outing regions.

SAFeway Homemakers' Guide

★ How to cut down on waste by eliminating waste ★ A list of foods that are really low priced ★ An illustrated story worth reading

Haste in shopping makes waste in food and in time too

It has always been our family duty to waste as little food as possible—today it is our patriotic duty. And certainly the most effective way to do this is to plan menus and shopping lists together—a week at a time. For this gives you the opportunity to fit one day's leftovers into the next day's menu—to vary meals—to keep meals well-rounded nutritionally—to stick to the budget—and to plan definite times for shopping, thus cutting down on shopping trips. But streamlined shopping schedules take careful planning. And at all times the perishability of different meats and vegetables must be kept in mind.

For meats, you might select shoulder lamb chops, enough ham loaf for two nights, and Swiss steak. If stored in the refrigerator, most meats will keep about a week; cured meats like ham and bacon will keep longer; but ground meats, poultry, and fresh fish should be cooked the same day or day after.

For vegetables, you might choose corn, string beans, carrots, tomatoes, cucumbers, green onions, lettuce, and celery. That's not counting the potatoes and onions you'd have on hand already. As soon as you get home, wash the vegetables quickly, dry, and store them in a covered container in the refrigerator. Use green and leafy vegetables that day or the next. Carrots and corn will keep longer.

Now let's say, for example, that you are buying these meats and vegetables on Monday to last until Friday. Here are the dinner menus the Safeway Homemakers' Bureau suggests you might have planned before buying.

MONDAY DINNER

Baked Ham Loaf garnished with Canned Spiced Peaches
Scalloped Potatoes
Tossed Vegetable Salad of Torn Lettuce, Finely Sliced Green Onions, Celery, and Quartered Tomatoes with French Dressing
Gingerbread with Whipped Cream

TUESDAY DINNER

Braised Shoulder Lamb Chops
Corn on the Cob Melted Butter
Buttered String Beans
Lettuce and Tomato Salad
with Mayonnaise
Berry Shortcake
with Pouring Cream

WEDNESDAY DINNER

Cold Sliced Ham Loaf
String Bean and Corn Succotash
Pickles Potato Chips
Shredded Carrot and Raisin Salad
Ice Cream and Cookies

THURSDAY DINNER

Braised Swiss Steak with Brown Gravy
Quartered Potatoes and Carrots, and Tiny Whole Onions Cooked with the Meat
Stuffed Pear Salad

What's Cookin'? Hitler, We Hope

"What's cookin'?"

This is a question you might be asked if someone sees you on your way to the butcher shop with a can of waste fat or grease.

Your answer, of course, is that it is for Uncle Sam, and he needs lots more of it. In fact, all the waste fats and grease that can possibly be spared are needed for war production.

The waste fats and grease from your kitchen must take the place of foreign vegetable oils, which were formerly used in manufacturing American munitions. Glycerin, used in the manufacture, may be obtained from the waste fats and grease.

In accordance with San Mateo county's drive, R. L. Crane jr., salvage chairman, issued an appeal to Daly City housewives to collect their grease and waste fats and take it to any local butcher shop. He described the need for the grease as being vital. Entire proceeds of the donations will go to the USO.

In answer to complaints of misunderstanding, the county salvage committee announced that the butcher only received 4 cents a pound for the fats and grease from the renderer which merely pays his carrying charges. Therefore, it is obvious he cannot pay anything to the housewife.

"In San Mateo county the procedure will be to donate the fats and grease and give the proceeds to the USO," the county committee said. "We feel sure that the housewife will cooperate, knowing that the proceeds will go for a worthy cause."

Lady, This Center Can Help You!

If you want advice in purchasing, if you want to know the standard price of articles affected by the war, or if you just want information on war prices and war purchasing, the Daly City Consumer Information center is open every Tuesday from 1 p. m. to 3 p. m. in the city hall.

Under direction of the Office of Price Administration, the Consumer Information center is equipped with all literature and full details. The local office is sponsored by the Women's Civic club. Mrs. Ann Eason is in charge.

Royal Neighbors Sewing Club To Meet July 28

Sewing club members of Vista Grande Camp No. 6035, Royal Neighbors of America, will hold their next meeting Tuesday, July 28. Hostess to the group will be Mrs. Sylvia Henzi, 70 Meda avenue, San Francisco.

The ladies will meet at 8 p. m. Card playing will be enjoyed, followed by refreshments. All members are cordially invited to attend.

Here's A Tip!

Peaches, one of America's favorite summertime fruits, are in abundant supply this year. However, large quantities of both the commercial canned and dried pack for 1942 are under government reserve order. Thus civilians will need to rely more on home preserved peaches during this winter than in the past, according to the Agricultural Marketing administration.

No November Roll Call

The American Red Cross, with the approval of the President, has decided to hold its next membership and fund raising campaign in March, 1943, according to Walter S. Martin, chairman of the San Mateo County chapter, American Red Cross. The decision means, the chairman said, that the Red Cross will not conduct a membership roll call this November, and, barring unforeseen emergencies, will hold a combined war fund and roll call campaign from March 1 to 31, 1943, that period to be known, according to President Roosevelt, as "Red Cross Month."

Miss Bernice Longstreet, 198 Wellington avenue, left Sunday, for Laguna beach where she will spend her summer vacation with Miss Dorothy Hennig.

Serve Seasonable Pies

By Frances Lee Barton

THE woman who neglects to make seasonable pies as the various fruits and berries appear locally, really cheats her family out of many delicious desserts. No matter how we may lean toward some particular pie, the seasonable pie is always a welcome change. Here is a recipe that should be taken advantage of when the luscious blackberry is obtainable:

Blackberry Glacé Lemon Pie

1 package lemon-flavored gelatin; 1 1/4 cups hot water; 1/2 cup sugar; 1/4 teaspoon salt; 1/4 cup lemon juice; 3/4 cup heavy cream; 1 baked 9-inch pie shell; 2 1/2 cups blackberries; 1/3 cup blackberries; 2 tablespoons sugar; 2 tablespoons water.

Dissolve gelatin in hot water; add 1/4 cup sugar and salt. Reserve 1/2 cup gelatin mixture for glaze. Add lemon juice to remaining gelatin. Chill until slightly thickened. Fold in cream, whipped only until thick and shiny, but not stiff. Turn into cold pie shell. Chill until firm. Cover with 2 1/2 cups blackberries. Pour glaze over blackberries. Chill until firm.

To make glaze, combine 1/4 cup blackberries, 2 tablespoons sugar, and 2 tablespoons water in small saucepan. Cook gently until blackberries are very soft. Drain, reserving juice; measure 3 tablespoons. Add to reserved 1/2 cup gelatin. Chill until cold and syrupy.

Canning Institute To Be Held In Redwood

Today, July 23, a canning institute, of interest to every housewife, is to be held in the McKinley School auditorium in Redwood City. The session will begin at 10 a. m. and will last until 3 p. m. The morning session will be devoted to the demonstration of fruit and vegetable drying, canning, bottling of fruit juices and tomato juice, concluded by discussion and questions.

The session from 1 to 3 p. m. will be devoted to pressure cooker canning, canning of fruits with little or no sugar and with other sweetening agents, freezing of fruits and vegetables and discussion and questions. There will be an exhibit of dried vegetables and fruits, drying, freezing and canning equipment and products canned with no sugar.

Smith Leads In Straw Ballots

Growing support throughout San Mateo county for Hugh H. Smith sr. in his campaign for county executive was recorded during the past week by means of straw ballots and polls by different organizations, according to an announcement by James H. Kane, in charge of the Smith headquarters in San Mateo. Kane declared that tabulations thus far showed a decided preference for the Smith candidacy.

In Redwood City the Junior Chamber of Commerce, Kane said, took a straw ballot with the following results: Smith, 17; Peterson, 2; Witt, 1. In the same city a straw vote by the Exchange Club revealed, Kane added, the following: Smith, 18; Peterson, 1; Witt, 2.

In Burlingame, the Smith manager reported a prominent women's organization was polled with even more startling results. He declared the organization was non-political and refused to permit use of its name, but released the results, which were: Smith, 45; Peterson, 4; Witt, 1. Other surveys now underway in other sections will be announced at a later date, Kane declared.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.
